

INFRICO OBTAINS THE ETL LISTED AND ETL SANITATION CERTIFICATION

INFRICO has obtained the **ETL LISTED** and **ETL SANITATION** marks after several years working on the certification. These allow it to manufacture and sell bottle coolers, prep tables, refrigerated cabinets and display cases to the **USA and Canada** markets.

Therefore, **INFRICO** will be at the next **NRA Show** in **Chicago** from 21 to 24 May 2011, stand 6823.

INFRICO continues pursuing quality and boasts other certificates, such as **ISO 9001: 2000**. **INFRICO** was the first Spanish manufacturer to obtain this standard and it allows us to use the **EC** mark on all our products that comply with council directives **2004/108/EC (Electromagnetic Compatibility)** and **2006/95/EC (Electrical Safety)**. In line with our policy for respecting and conserving the environment, we meet all the recycling and waste management requirements of the **ISO 14001 Environmental Management Standard**. We also hold the **OHSAS 18001 Certificate for the Prevention of Occupational Risks**: for which **INFRICO** works on implementing the maximum guarantees and safety measures to prevent occupational risks. Our products comply with the **RoHS directive 2002/95/EC**, which restricts the use of certain dangerous substances in electrical and electronic appliances, such as lead, mercury, cadmium, **hexavalent chromium**, **polybrominated biphenyls** and **polybrominated diphenyl ethers** to certain concentrations.” We also declare that all our packaging complies with the international standard **ISPM No. 5 IPPC ES-14-0002 HT DB**, which regulates the wood packaging used for foreign exports. Also, a **HACCP** module can be fitted to all of our appliances to satisfy **Regulation (EC) No. 852/2004**. And finally, all of our equipment complies with the Russian **GOST** standard.
