

## INFRICO HAVE OPENED THEIR NEW SALES OFFICE IN MADRID:

The branch opened on 1 December 2010, with the intention of providing a better service to customers in the area, based above all on increased support to the distributors and strengthening of the brand.

We will serve our Madrid, Toledo, Segovia, Ávila, Ciudad Real and Cuenca distributors from the central branch.

Technical and sales training courses for our products will also be held in these facilities, where the latest releases from our catalogue will also be on show.

Our new premises comprise an industrial building of 1500 m<sup>2</sup> on a 2500 m<sup>2</sup> plot. 1300 m<sup>2</sup> of the building is a warehouse with a permanent stock of 230 machines and spare parts, whilst the rest of it is made up of offices and showrooms. This building is located on the Olivos Industrial Estate in Getafe, in an area with wide avenues, where equipment loading and unloading operations can be performed comfortably.

Of a total of 4 people, two are dedicated to sales duties, the third manages the warehouse and the fourth handles the telephone and sales service.
